Clubware 2.0 Comprehensive Report

Clubware 2.0 offers more to the facility owner, in the form of customisable reporting. With Clubware 2.0 it is easy to create and re-use your own custom reports, from simple birthday lists to the most advanced Key Performance Indicator reports concerning your facility's performance and profitability.

Whether you are looking to consolidate or grow your business, the Clubware 2.0 reporting tools will secure you the information you need to achieve your goals and make informed decisions.

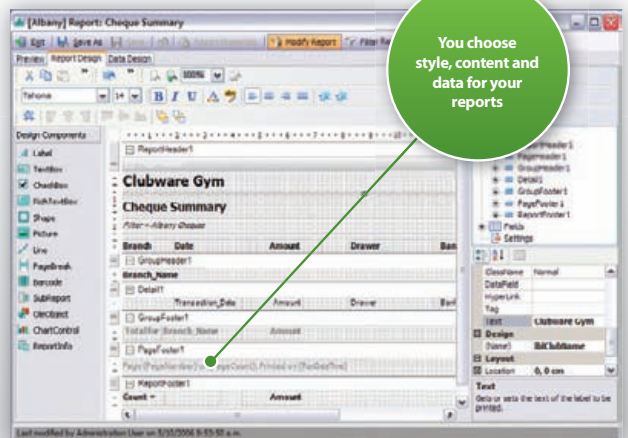

Comprehensive Inbuilt Reporting

Clubware 2.0 comes complete with a comprehensive suite of pre-designed reports for all of the most common tasks, including POS Z-Off, expired accounts, member retention and many more.

100% Customisable Reporting

You are not limited to the built-in reports provided. A powerful designer tool enables you to design, build and re-use your own reports. There are no restrictions!

ing and Customised Reports

Reusable Data Filters

Save and reuse your most commonly used data filters with ease. Whether you want to generate cheque summaries or complex member retention reports, your data filters can be customised and reused or even modified.

Design Preview

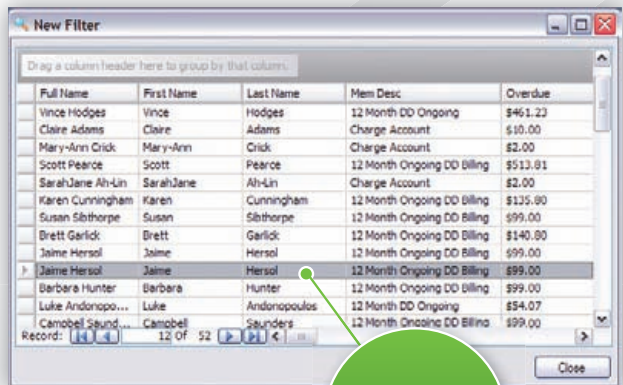

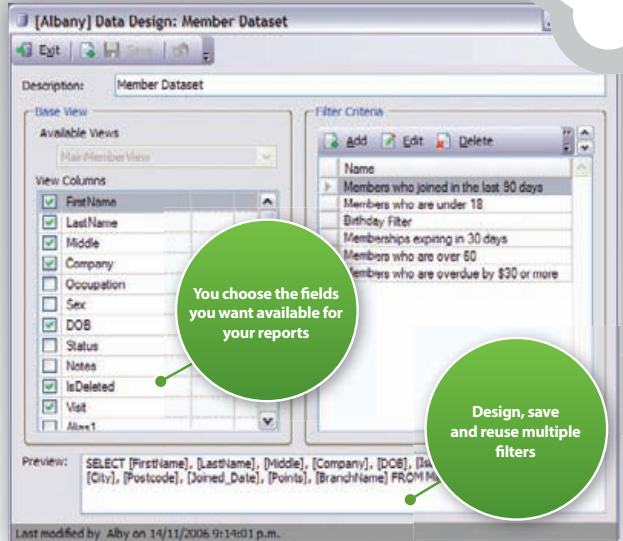

The Report Designer features an integrated preview tool that allows you to see your report with real data before printing. You can be confident that your report will produce the results and the format you require.

Data Preview

Preview your data before printing to ensure you are getting the information you need. Last-minute changes to your reporting criteria are quick and easy.

View ALL of your data

Clubware 2.0 does not file away your important information out of reach. With Clubware 2.0 you can generate reports on all aspects of your business. If it is in your database, you can report on it!

Report Follow-up

Plan follow-up for each member appearing in a report. Staff can be prompted to contact members or take other action as a result of a report. Follow-up prompts are also displayed when a member arrives at the facility.

Scheduled Reporting

Reports can be delivered to your inbox automatically by Clubware 2.0's scheduled reporting engine. Your critical business data is available whenever and wherever you need it.

Report Export

Choose from a wide range of export options, including PDF, Excel, RTF, HTML, Tiff and more. Data from reports can be imported to other business software such as your accounting package.
